Sub:- Competency Based Undergraduate and Post Graduate Curriculum for BDS & MDS by the team of Subject Experts in the speciality of Prosthodontics and Crown & Bridge – req.

Sir/Madam,

I am directed to state that the Executive Committee meeting of the DCI in its meeting held on 31.12.2019 noted that the Board of Governors in Supersession of Medical Council of India has formulated "Competency Based Undergraduate Curriculum for the Indian Medical Graduate 2018". The Executive Committee felt that the DCI shall also follow the same pattern and culminate the undergraduate and post graduate dental curriculum in the competency based curriculum. The Competency based dental education will provide an effective outcome-based strategy where various domains of teaching including teaching learning methods and assessment form the framework of competencies.

The Executive Committee of the DCI in its meeting held on 28.01.2020 reviewed its earlier decision and after lengthy discussion decided to depute the following team of experts in the speciality of Prosthodontics and Crown & Bridge from the country, headed by the convener, to frame the Competency based undergraduate and post graduate curriculum:-

Dr. V. Rangarajan (Convener)	Dr. Rajesh Sethuraman (Member)
Dr. Saumyendra V. Singh (Member)	Dr. P.S. Manoharan (Member)

Consequently, you are requested to download the existing UG & PG syllabus prescribed in "DCI Revised BDS Course Regulations, 2007" and "DCI MDS Course Regulations, 2017" from the DCI Website i.e. www.dciindia.gov.in, and to culminate & finalize the undergraduate and post graduate dental curriculum in the competency based curriculum and furnish the compiled draft syllabus to this Council through the convener Dr. V. Rangarajan for furtherance in the matter.
