## **Green Campus Policy Document**

A Green Campus is an atmosphere where eco-friendly and sustainable actions are encouraged via education and practices. By establishing sustainable solutions to the environmental, social, and economic requirements of humanity, the green campus concept gives an organization the opportunity to take the lead in reinventing its environmental culture and generating new paradigms.

### **Role of Go-Green campus:**

- 1.To find the areas that need repair, analyse the campus' environmental consequences.
2. Describe how Green-Campus activities relate to Institute academics.
3. Launch environmental ethics awareness programmes on campus.
4. Outline a mission statement and a set of guiding principles for a green campus.
5. Create awareness campaigns for the community, the faculty, and the students.
6. Assess everyday operations for energy efficiency, waste stream management, and pollution prevention. Whenever possible, reduce, reuse, recycle, and repair.
7. Obtain an assurance in advance from those in control that, after audits are finished, well-founded suggestions will be followed.
